Ohio.net

Ohio.net provides donated phones to local nonprofit organizations.

Ohio.net is northeast Ohio's premier VOIP provider for business phone services. From time to time Ohio.net receives a donation of VOIP phones to be used for Nonprofit (501c3). With the combination of donated hardware and a discounted service Ohio.net offers the benefit of up to date communications to deserving organizations. We want to hear from you. This is your opportunity to nominate an organization that needs better communications and to serve a community or mission, even if it's your own!

How does the Program Work?

We are looking for Nonprofits that utilize an office staff of less than 50 individuals. Ohio.net evaluates nominees and suggests a recipient of a communications package consisting of a donated VOIP phone system including hardware and VOIP phone services. The selection will be based on level of need, which organization would receive the most benefit, and whether the technology will be able to be deployed properly.

Make a **NOMINATION.**
